

Condover CE Primary School
Ocean Class

Spring 1 2026

Flourishes

Throughout this term, as a school community, we will be focusing on the Christian value of **forgiveness** through the way we develop and strengthen our relationships. For example, learning to say sorry and forgive others, resolving disagreements peacefully, showing understanding when mistakes are made, offering second chances, and moving forward with kindness and respect.

Love each other and know we are loved (John 13:34-35)
Love Forgiveness Trust

Our spiritual development big question is ...
Should you respect yourself over all other things?

Enrichments

Safer Internet Day
Mental Health Week

Values

Resilience
Collaboration
Confidence
Self-motivation
Creativity
Independence

British Values

Democracy - Making decisions together and making sure that everyone has a voice and the right to express their opinion.

National Curriculum

As Writers, following the Talk for Writing approach, we will write an adventure story using the model text 'Adventure at Sandy Cove'. Our focus will be action.

As Readers, we will develop our retrieval, vocabulary and inference skills by reading a range of extracts from fiction and non-fiction texts.

As Mathematicians, we will develop our understanding of fractions, decimals and percentages. We will then look to understand ratios and angles of a shape.

As Scientists, we will be learning about unbalanced forces. We will be investigating gravity, friction, air and water resistance and their effects.

As Geographers, we will be looking to answer the question 'Would you like to live in the desert?'. We will learn the physical features of a desert and look to understand how people live in one.

As Artists, we will investigate how artists explore their identity within their art. We will look at how artists use various aspects of their identity, creating imagery which explores many different aspects within one image by using layers.

In P.E., we will have Shrewsbury Town coaches teaching us this term - handball and dance. PE will be on a Monday and Friday.

In Computing, we will learn how to use spreadsheets. We will organise data into columns and rows to create our own data set.

In R.E., we will look to answer the question 'Creation & Science-Conflict or Complimentary?'.
