

Condover CE Primary School

Stream Class—Miss Ockenden

Summer 1 2026

Flourishes

Throughout this term, as a school community, we will be focusing on the Christian value of **Trust** through the way we develop and nurture our relationships. For example, being honest with one another, working reliably and responsibly, keeping promises, supporting others, and knowing that we can depend on each other to do the right thing.

Enrichments

Earth Day
St. Georges Day
VE Day
Mental Health Awareness Week
Sports Day

Love each other and know we are loved (John 13:34-35)

Love Forgiveness Trust

Our spiritual development big question is ...
How sincerely can I care for those who may be in need but I have never met?

Values

Respectful

Responsible

Ready

British Values

Acceptance of those with
Different Faiths and Beliefs

National Curriculum

As Writers, we will learn and retell the journey story 'Monkey See, Monkey Do'. We will learn techniques to create characters who are believable and who come alive for our audience.

As Readers, we will review the Phase 5 sounds and develop our confidence and fluency with reading words that include these sounds. We will develop our expression and comprehension when reading our decodable books.

As Mathematicians, we will learn the basics of multiplication, division and fractions. We will practise counting in 2s, 5s and 10s, making arrays and doubling. We will learn how to find a half and a quarter.

As Scientists, we will identify plants and their features, recall some of the roles that flowering plant parts have, recall that seeds and bulbs come from plants and recognise that seeds need water for growth.

As Geographers, we will explore the question, 'What is it like to live in Shanghai?'

As Artists, we will explore the relationship between drawing and making, transforming 2D drawings and collages of birds to 3D sculptures.

As Musicians, we will learn how to identify high and low notes and to compose a simple tune to represent a superhero.

In P.E., we will develop skills required in athletic activities such as running, changing direction, jumping and throwing.

In Computing, we will learn early programming concepts through the introduction of algorithms.

In R.E., we will explore the question, 'What does it mean to belong to a faith community?'
